

AB-BFB-118

Ground Independent Air Band

The AB-BFB-118 is specifically designed and manufactured for Air Band with the purpose to be field tuned to required frequency.

Alternative mounting options, adaptors, connectors and other installation accessories are all available separately.

Specifications	AB-BFB-118
Construction	Stainless Steel tip, white fibreglass and grey PVC
Frequency Range	Air Band 118-136MHz
Bandwidth	Any 3%
Tuning	Field tune the stainless steel tip using SWR meter
VSWR	<1.5:1 across bandwidth
Gain	2.1 dBi
Maximum Power	100 Watts
Impedance	50 Ohms
Polarisation	Vertical
H Plane	360° omnidirectional
Connector	UHF female in side of base (no cable, order separate)
Height	1.1 metres
Weight	350grams
Mounting Accessories	Any bracket with 12.7mm hole
Mounting Position	Vehicle bull bar or guard
Alternative Mounting Options	1269 or 1270 springs (order separate)
