

Parallel Mast Mount Clamps

Page 1 of 2

Specifications	EB1-SS
Construction	Stainless Steel
Boom Diameter	20-50mm (round)
Mast Diameter	20-50mm (round)
Orientation	Parallel 180°
Service	Light to Medium Duty
Weight	380grams
2 clamps recommended for mounting	

Specifications	UB3-SS
Construction	Stainless Steel
Boom Diameter	20-32mm (round)
Mast Diameter	20-50mm (round)
Orientation	Parallel 180°
Service	Light to Medium Duty
Weight	450grams
Single clamp sufficient for mounting	

Specifications	UAM180L
Construction	Galvanised Steel
Boom diameter	40-75mm (round)
Mast Diameter	40-75mm (round)
Orientation	Parallel 180°
Service	Heavy Duty
Weight	1.8Kg
2 clamps recommended for mounting	

Specifications	UAM180UNI
Construction	Galvanised Steel
Boom diameter	40-75mm (round)
Mast Diameter	40-90mm (round)
Orientation	Parallel 180°
Service	Heavy Duty
Weight	1.9Kg
2 clamps recommended for mounting	

Parallel Mast Mount Clamps

Page 2 of 2

Specifications	UAM180UNIL
Construction	Galvanised Steel
Boom Diameter	40-90mm (round)
Mast Diameter	60-115mm (round)
Orientation	Parallel 180°
Service	Heavy Duty
Weight	2.1Kg
2 clamps recommended for mounting	

Specifications	UAM180UNI-42
Construction	Galvanised Steel with stainless steel spacers
Boom Diameter	40-90mm (round)
Mast Diameter	60-115mm (round)
Orientation	Parallel 180°
Service	Heavy Duty
Weight	2.3Kg
2 clamps recommended for mounting	

Specifications	UAM180UNIL-48
Construction	Galvanised Steel
Boom Diameter	50-70mm (round)
Mast Diameter	115-155mm (round)
Orientation	Parallel 180°
Service	Heavy Duty
Weight	2.5Kg
2 clamps recommended for mounting
