

ZDL-NM50W

N-type terminated wideband 50 Watt dummy load

DC - 3 GHz

Design Features:

- Wideband operation from DC~3 GHz
- Power handling of up to 50 Watts
- N-type male terminated
- Heat dissipating fin design for efficient temperature management

Specifications	
Construction	Black finish body with heat dissipating fins and nickel plated N-male termination
Frequency range	DC- 3 GHz
Power handling	Up to 50 Watts
VSWR	≤1.2:1 - typical
Impedance	50 Ohms - nominal
Terminations	N-type male - <i>adaptors can be supplied for alternate termination requirements</i>
Dimensions	60mm x 50mm x 78mm
Weight	400grams
Operating temperature	-30°C to +70°C
Operating humidity	≤95%
